"Those who move mountains start with a single stone."
One Stone is a tribute to the women who move mountains, one stone at a time. In that spirit, we create wines that shine at every occasion. Our grapes come from select sites that exemplify Paso Robles as a world-class region for Cabernet Sauvignon. The resulting wine is sophisticated, elegant and powerful—much like the land and the women from which they come.

GIVING BACK
A portion from every bottle sold is donated to Dream Big Darling, which provides educational opportunities and mentorship programs for the next generation of female leaders in the wine and spirits industry. Dream Big Darling was founded by Amanda Wittstrom-Higgins of Ancient Peaks Winery. DREAMBIGDARLING.ORG

THE ARTIST

The striking label showcases an original painting by Paso Robles area artist, Audrey Jackson.

“This project was a dream to work on. It is a beautiful story for such a needed cause. I had the privilege to see my artwork come to life. Like the women they aim to inspire, I also feel grateful to have this opportunity to have my artwork stand for something bigger than myself.”

-Audrey Jackson

ONE STONE
PASO ROBLES

PASO ROBLES REGION
Our grapes are sourced from various sites in the Paso Robles AVA. The region is centrally located between San Francisco and Los Angeles along California's Central Coast. A hallmark of the region is its diurnal temperature swings, distinct microclimates, diverse soils and a long growing season.

VINTAGE OVERVIEW
The 2016 vintage had near perfect conditions in the Paso Robles region. Steady weather and small yields produced fruit with excellent eveness and concentration.

TASTING NOTES
The 2016 One Stone Cabernet Sauvignon opens with classic varietal aromas, including cherry, currant, black olive and graphite. A juicy, chewy palate coats the mouth with flavors of plum, black cherry, sage and caramel. Fine tannins bring structure to an otherwise soft, approachable finish.

TECHNICAL DATA
80% Cabernet Sauvignon
10% Merlot
10% Syrah
Alc: 13.5 TA: .648 PH: 3.92
Cases produced: 2,511
